The University of Minnesota’s Medical Laboratory Sciences Program is seeking a dynamic and innovative leader for the University of Minnesota’s Medical Laboratory Sciences Program

The Program Director for the Medical Laboratory Sciences (MLS) program will hold a 12 month faculty position. Qualified candidates should have a doctoral degree and be eligible for a tenured or tenure track faculty appointment with rank. The qualified candidate will hold the Endowed Mildred King Rohwer Chair in Medical Technology.

As program director and faculty in the MLS program, other qualifications include:
- Hold MT(ASCP) or MLS(ASCP) certification
- Demonstrate a trajectory of research and scholarship in the field
- MLS program leadership and teaching
- Experience in MLS accreditation
- Engagement in professional organizations
- Strong commitment and value for supporting diverse and inclusive educational programming

In this position, you will lead a highly qualified team of MLS faculty for innovative educational programming and collaborate with colleagues throughout the university and academic health sciences on interprofessional research and education. There are outstanding intramural opportunities for research funding and support for competing for external funding.

How To Apply:
Applications should be submitted online at: https://hr.myu.umn.edu/jobs/ext/332547 - job opening 332547. Click the Apply button and follow the instructions. Complete the online application for the position and attach the following:
- cover letter
- CV
- sample of scholarly work
- diversity statement
- list of professional references

Contact Stephen Wiesner, search committee chair, at wiesn003@umn.edu with questions about the position.

The University of Minnesota is an equal opportunity educator and employer.
Why the University of Minnesota?
