The University of Minnesota seeks candidates for two full time (12 month) Occupational Therapy (OT) faculty positions, one on the Twin Cities Campus and one on the Rochester Campus.

**Why Work in Minnesota?** The University of Minnesota is among the largest public research universities in the country, offering undergraduate, graduate, and professional students a multitude of opportunities for study and research. Located at the heart of one of the nation’s most vibrant, diverse metropolitan communities, students on the campuses in Minneapolis and St. Paul benefit from extensive partnerships with world-renowned health centers, international corporations, government agencies, and arts, nonprofit, and public service organizations.

**Academic Health Sciences** at the University of Minnesota is one of the largest, most comprehensive Academic Health Centers in the nation and comprised of six professional colleges and schools, more than 90 centers and institutes, and hospitals and clinics, including a partnership with University of Minnesota Health. We aim to improve health for Minnesotans and around the world. As home of the National Center for Interprofessional Practice and Education, faculty and students engage with other healthcare professionals for teaching, research, and service across the curriculum.

**Required/ Essential Credentials and Experience**
- Doctoral degree or verified completion of doctoral degree from a USDE-recognized regional accrediting body by start date
- Eligible for a license to practice Occupational Therapist in Minnesota

**Preferred/Desired Credentials and Experience**
- Documented research, clinical and/or teaching expertise in one or more of the following: occupational therapy practice with older adults, basic sciences, and neurorehabilitation across the lifespan.
- Evidence of scholarly activity including research-based publications and funded grants
- Evidence of successful teaching of occupational therapy practitioners or students
- Evidence of online teaching skill and in-depth knowledge of the hybrid approach to teaching & learning
- Scholarship relevant to the Program’s academic and research priorities (based on RSC research priorities)
- Evidence of strongly-developed team skills

**Diversity**
The University recognizes and values the importance of diversity and inclusion in enriching the employment experience of its employees and in supporting the academic mission. The University is committed to attracting and retaining employees with varying identities and backgrounds.

Both positions are 12-month appointments; one located on the Twin Cities Campus and one located on the Rochester Campus. Salary and rank are commensurate with experience and qualifications.

To apply for one of these positions, complete the online application go to: [http://humanresources.umn.edu/jobs](http://humanresources.umn.edu/jobs) → Position #332258

Please provide a cover letter; curriculum vitae (CV); as well as the name and contact information of three professional references.
